

Training Workshop Report on Climate Change Hazards, Impacts and Adaptation at Kachua Upazila, Bagerhat

A workshop was held on “Climate Change Hazards, Impacts and Adaptation” under Coastal Climate Resilient Infrastructure Project (CCRIP) of Local Government Engineering Department (LGED) on 03 October, 2017 at Kachua Upazila Complex Auditorium. The workshop was organized by LGED, Kachua Upazila which was presided by Mr. Hazra Obaidur Reza Selim, Vice Chairman, Kachua Upazila, Bagerhat and was inaugurated by Tasmin Fahana, Upazila Nirbahi Officer (UNO) of the upazila. A total of 46 participants attended the workshop including Vice-chairman (Female), Union Parishad Chairman, different GoB Officers, Heads of Educational Institutions, Members of Professional Groups, Teachers, Civil Society, Journalist and Local Elites. It was a common platform where the resource persons on climate change and other sectors have met together to share their idea and indigenous knowledge about climate change hazards, impacts and adaptation.

Mr. Sarder Shafiqul Alam, Coordinator, ICCCAD and Mr. Hasan Mohammed Asiful Hoque, Coordinator, Training Programme of International Centre for Climate Change and Development (ICCCAD) at the Independent University, Bangladesh (IUB) facilitated the workshop as resource persons. Dr. Md. Jahangir Hussain, Livelihood Specialist, CCRIP, Dhaka informed about project activities of CCRIP. Mr. Md. Afzal Hossain, Additional Chief Engineer, LGED, Khulna also shared his knowledge on different issues related to climate change and mentioned that LGED is trying to make their interventions climate resilient.
