

ABOUT ICCCAD

International Centre for Climate Change and Development (ICCCAD) is a think-tank based in the Independent University, Bangladesh (IUB) in Dhaka, Bangladesh. It is a leading research and capacity building organization working on climate change, environment, and development issues.

ICCCAD's mission is to support research, policy and practice to address climate change by increasing and distributing knowledge on the issue. ICCCAD's activities focus on building capacity and training future and current leaders on climate change and development, conducting research focusing on climate change adaptation.

ICCCAD Delegates #COP25

AGENDA

ICCCAD Delegates #COP23

ICCCAD will be working with different partner organizations using various platforms to influence decision-making to enable the implementation of the four goals of COP26.

- Secure global net zero by mid-century and keep 1.5 degrees within reach
- Adapt to protect communities and natural habitats
- Mobilise finance
- Work together to deliver
