WORKSHOP ON

FOLLOWING LOSS AND DAMAGE IN THE UNFCCC

- Target Participants

Primarily for individuals (practitioners, young negotiators etc.) working on Loss and Damage at national and international levels and who wish to follow regularly what is happening on loss and damage in the UNFCCC process.

- Expected Outcomes

Participants will get to know what is happening on the issue of Loss and Damage in the UNFCCC process with particular emphasis on COP28 happening in Dubai in December 2023.

- Longer-term Prospects

We plan to repeat this exercise again before COP28 and also during and after COP28 for those who wish to continue to be part of the series.

-Topics

Update on the 18th EXCOM Meeting, Glasgow Dialogue, Outcomes of Transitional Committee Meeting, Operational Modalities of Santiago Network etc.

-Workshop Fee

500 USD

(Partial and full fee waivers are available for suitable participants)

-Platform

Microsoft Teams (Online)

-Time & Duration

17th to 18th May 2023,

9:00 – 11:00 GMT

(Bangladesh Time 15:00 – 17:00)
